

# Bee Campus USA - Southern Oregon University

Report on 2020

---

## Pollinator Habitat Creation & Enhancement

Expanded lawn removal projects, installed approx. 1/4 acre of pollinator plantings; expanded fruit orchards @ farm.

Pollinator Habitats on SOU campus

Pollinator Habitats on SOU campus 2

Pollinator Habitats on SOU campus 3

---

## Education & Outreach

Not progressed due to Covid-19

---

## Courses & Continuing Education

Not progressed due to COVID-19

---

## Service-Learning

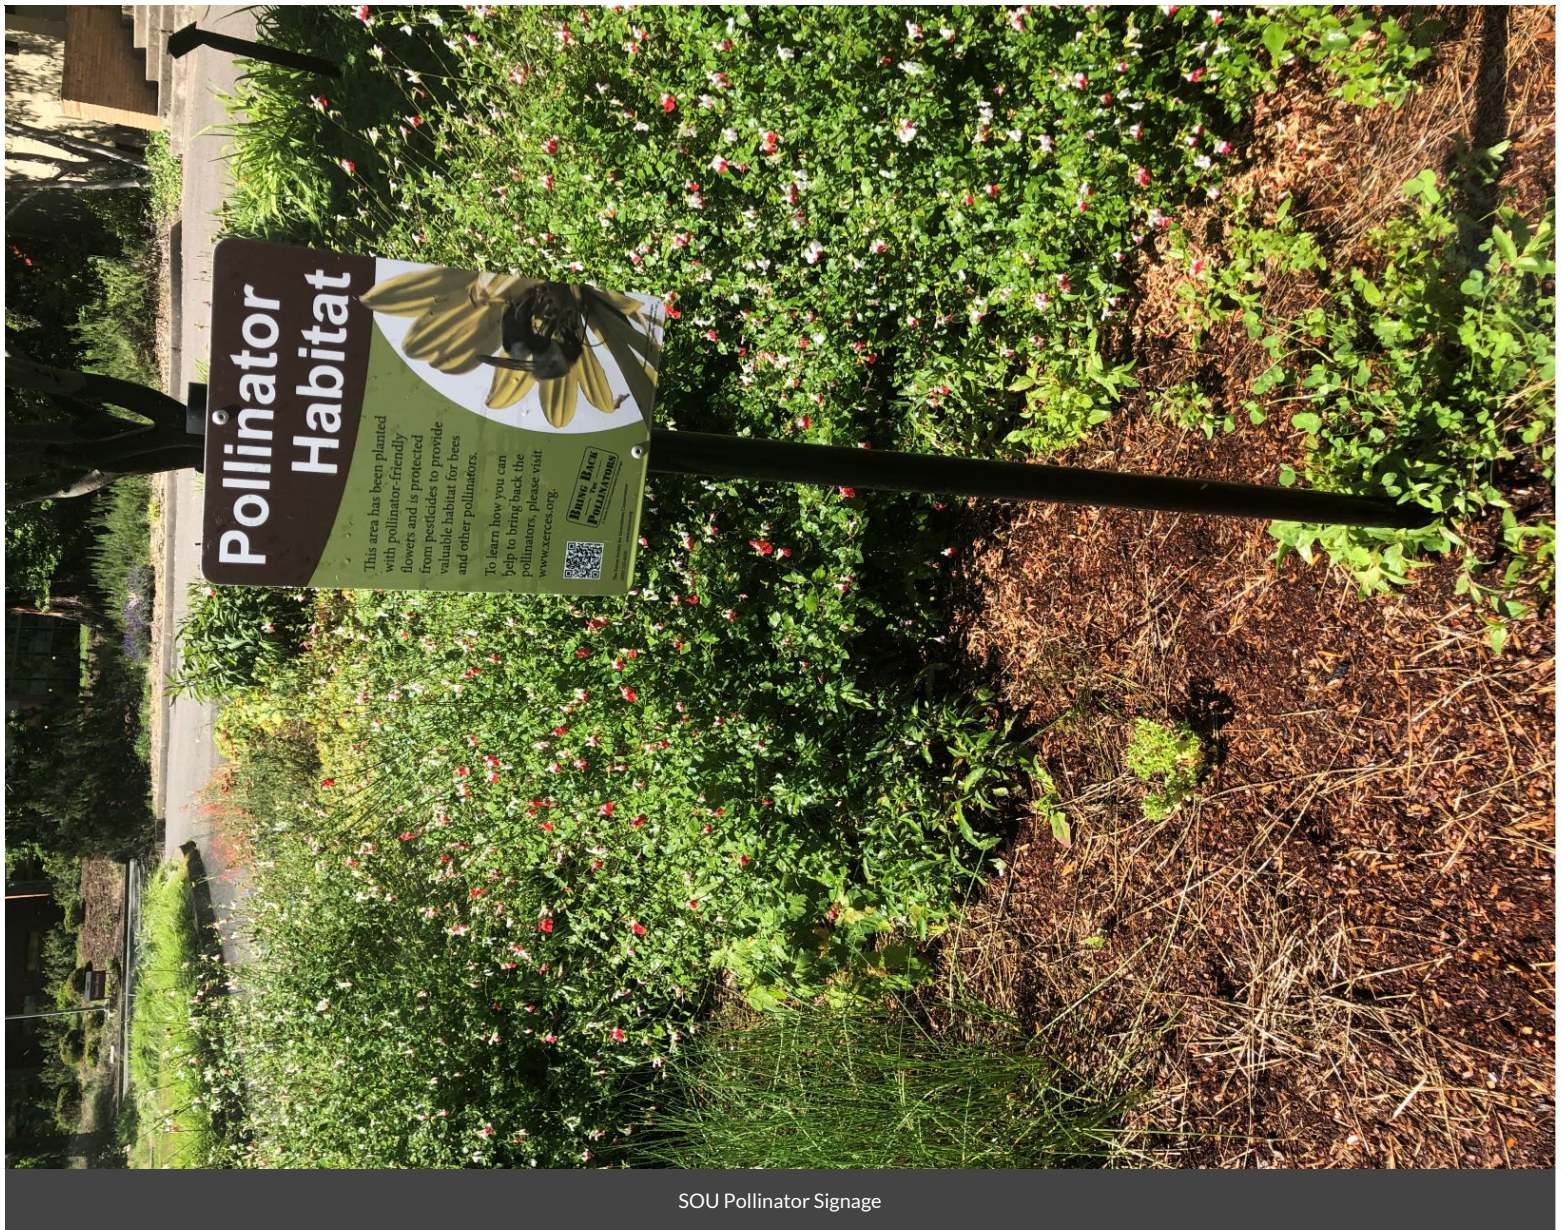

Continued to work with the Pollinator Project Rogue Valley. We updated the webmap Summer 2021, and have been engaging students to continue the work. <https://www.pollinatorprojectroguvalley.org/>

## Educational Signage

Not progressed further due to staff furlough due to COVID-19

## Policies & Practices

Significantly reduced our use of glyphosate on campus, in favor of organic contact herbicides.
